LIFESTYLES NUTRITION RADIO PROGRAM

SUNDAYS @ 3pm

Amit Katz brings over two decades of educating people on health and nutrition to the air waves of Money Radio 1200. Amit, author of the book “The Frontline of Nutrition” and proud owner of the health food store Lifestyles Nutrition Center in Indian Wells, will educate, answer questions, and assist people with their aches and pains using natural alternatives.

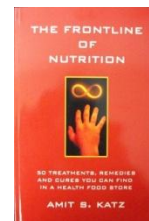

Lifestyles Nutrition Radio Program will focus not only on ways to cure your current ailments, but more importantly how the right combination of supplements and nutrition will help with prevention of future issues.

Amit Katz, through years of experience, has obtained a rare knowledge of the use of supplements and their ability to treat health issues and address disease. Along with *Lifestyles Nutrition Radio Program*, Amit created *Amit’s Lifestyles Diet*, an individually designed diet, specific to each person, which works. This is accomplished through the use of the six pillars of healthy eating:

1. Proper Calorie Control
2. Correct Meal Times
3. Blood Type Specific Ingredients
4. Hi fiber
5. Low Carbohydrates
6. Correct Weight Loss Supplementation

Hear *Lifestyles Nutrition Radio Program* live Sundays at 3pm in the Coachella Valley on Money Radio 1200, and streaming live at Moneyradio.com and on the Money Radio app for Apple and Android.

About Money Radio -

Money Radio 1200 is the Coachella Valley’s home for Business/Investment News and Information; expanding from the greater Phoenix metro area with Money Radio 1510AM since 1988. Parent Company, CRC Media West, LLC owns both stations and has the notoriety of being the first of its kind anywhere in the country. It is also the longest locally owned and operated station in the Phoenix market. The format combines nationally syndicated news and talk show content, as well as an extensive lineup of local programs. Money Radio focuses on consumer information, the financial markets, investment advice, and both national and local business news, reaching a preferred demographic of avid investors, business decision makers and affluent consumers.
